# HIDDEN TALENTS

By Harry Klimek

Our club has many talented members. We know Bob does his sheet metal art and Oscar works with oil paint, but did you know we have another artistic member? Amanda Sargis, Mike Jr. wife, has a penchant for pen, pencil, watercolor and other media. She's been posting her work on Facebook for a while and I got the idea that the rest of the club would be interested in her art. Other members having a talent they would like to share with the club should send their work to have it featured. Below is a small sampling of Amanda's artwork.

# Timeless Slogans

See the USA in your \_\_\_\_\_. There were some who insisted that the missing words in the December jingle were Model "A" however, like it or not, the correct answer is Chevrolet. The commercial jingle, circa 1949, was probably best associated with Dinah Shore and Chevrolet's decade-long sponsorship of her television shows. Give yourself 119 points if you got this one right.

## Next Month

Have you driven a \_\_\_\_\_ lately? This one is worth 96 points so get them while you can. It will get difficult.

# Online Club Calendar

By Harry Klimek

I wanted to point out some of the features of the Online Club Calendar you may have not known about. First, the online calendar can be reached either by a link on the home page, [www.foxvalleymarc.com](http://www.foxvalleymarc.com) or by typing this long line <http://www.localendar.com/public/foxvalleyas> into your web browser. First, you'll see something in a calendar date that looks like this. Click inside the box and it will open up with additional information.

Here you'll see more information on the event as well as links to pertinent information. Example, in this case, clicking the [INFO HERE](#) link on that page would open the Illinois Region Swap meet page. Additional neat stuff, at the bottom of this pop up is a save to: with some icons. If you use google mail, iCalendar, Microsoft Outlook or Yahoo mail, you can click on the appropriate icon and put THIS event into your eCalendar. In my case I use Google. By clicking on Google, I can save the event to Google and it automatically goes to my smartphone. If you have any questions feel free to contact me, your webmaster at [tamagrouchy@earthlink.net](mailto:tamagrouchy@earthlink.net)

Have a Model A day. Harry K
