

Fox Tales

Fox Valley Region

Model A Restorers Club

December 2007

Seven Clubs Ralley

The new digs at Kaneland High School in western Kane County provided the elbow room and the parking lot that has been sorely missed at the last few Turkey Roasts. The record number of turkey eaters fit quite nicely – with room to spare. With ovens, counters, griddles, and food equipment aplenty, even the great turkey roaster, John Cali, was smiling!

For Turkey

The Calumet, Salt Creek, Illinois, and Joliet Regions, The Naper A's, and the Elgin Model T Club rallied at Keslinger and Meredith Roads to set a Fox Valley Turkey Roast record! 161 paid diners consumed ALL of the mashed potatoes and dressing and just about all the turkey and ham. In doing it they helped swell our coffers by more than \$1,400.

Compliments and hearty thank-you's showed that the other Model A'ers appreciated our endeavor and counted on the fall tradition. Dressing Master, Frank Nemechek, praised the gathering, "The Turkey Roast was the best ever and I am sure next year it will become even better!"

An early responsibility for the kitchen people is to help the "volunteers" put on the breakfast feedbag. As soon as the turkeys and hams are in the ovens the sausage, eggs, and pancakes are shoveled into those empty spots! GOOD MORNING !!

Peel 'em, boil 'em, mash 'em. Russ, Bob and Stu have a well-practiced confidence ... with potatoes.

You *must* buy the 50-50 tickets!

Husband-wife team, Florence and Steve, model Model A teamwork!

Dr. and Mrs. Turkologist prepare the gravy.
